# Steel Mine Supports, Rails and Special Mining Sections

LIBERTY Ostrava www.libertysteelgroup.com

#### LIBERTY Ostrava is an integrated steel business with an annual production capacity of approximately 3.6 million tonnes serving construction, machinery and oil & gas industries.

The company is a domestic leader in the manufacture of road barriers and tubes. In addition to the Czech market, it supplies its products to more than 40 countries around the world. Together with its subsidiaries in Ostrava, the company has 6,000 employees. The company manufactures its products with a minimum possible environmental footprint. It is part of LIBERTY Steel Group, which is part of GFG Alliance, a collection of global businesses and investments owned by Sanjeev Gupta and his family. The Alliance is structured into three core industrial pillars: LIBERTY Steel Group, ALVANCE Aluminium Group and SIMEC Energy Group. Headquartered in London, GFG Alliance employs 35,000 people, across 10 countries and has revenues of USD \$20bn.

#### **Liberty Ostrava Facilities**

- 3 coke oven batteries
- 5 sinter belts
- 3 blast furnaces
- (2 operational)
- 4 tandem furnaces
- 3 continuous casting machines
- 6 rolling mills (incl. hot-strip mill, big and small Stiefel pipe mills, wire rod mill, heavy section mill, fine & medium section mill)
- Mine support and road barrier lines

#### **Main Products**

Hot rolled coils, sheets and strips, road barriers, merchant bars and sections, wire rods, tubular steels, mine supports, engineering products, transformer cores, threaded bars, rebars

#### **Key Markets**

Construction, machinery and automotive

#### Certification

ISO 9001 ISO 14001 OHSAS 18001 ISO 50001

# **Steel Mine Supports**

## **Steel Mine Support Production**

Steel mine supports have a wide range of use in building of coal and ore shafts, in tunnelling or underground collectors. The supplemental products are connecting clamps, light rails and special beams for hanging systems.

### **Chemical Composition**
